Dear Patients and Friends,

This summer our family received very unfortunate news. A close family member has become seriously ill. Because family is so important to us, we have made the difficult decision to pass on our wonderful clinic to another doctor. We will be moving out of Washington State in January to help our loved one in her battle, and to spend as much time as possible with her.

We are pleased to announce that we have found an excellent doctor in Vanessa Michel, O.D. She has been practicing Optometry for the last 4 years in a large private practice south of here that specializes in the medical aspects of optometry as well as glasses and contacts. We know that you will find her to be an extremely skilled and compassionate eye care provider and the transition will be virtually seamless in all aspects of your eye care needs.

Thank you so very much for trusting us with your care the last five years. We feel truly fortunate to have had the pleasure of working with so many wonderful people in this community and we hope you continue to be patrons of Redmond Ridge Eye Care.

Sincerely,

Drs. Grady and Tiffany Hollenbeck
