

Redmond Ridge Eye Care

Our Goal is to insure that contact lens wearers have and maintain healthy eyes

Contact lens fitting is an additional service beyond an annual eye examination. There are fees for contact lens fitting depending on the type of contact lens to be prescribed and the amount of time needed to finalize the prescription. Contact lens fitting fees are due at time of service.

In addition to your comprehensive eye exam the doctor will...

Ensure your eye health meets the necessary standards to wear contact lenses, as well as work with you to choose the best material and lens design to match your lifestyle.

Provide any trial contact lenses and all necessary follow up visits to determine a proper contact lens fit and prescription.

For Previous \Wearers:

\$65 Spherical Contact Lenses

\$80 Specialty Contact Lenses

For First Time Wearers:

\$105 Spherical Contact Lenses

\$120 Specialty Contact Lenses
